

THE JOURNEY 2013

THE JOURNEY is for Fathers and Sons that wish to deepen their relationship and understanding of men in community.

Designed for youth aged 9 to 17 years and their Fathers (including mentors, step fathers or any significant adult male in the youths life) that are reasonably fit, active, responsible and willing to be involved in an adventure and enquiry.

As a group, we will walk for three hours through the bush, returning late afternoon to Camp Karanga (TeHenga). There we will create an evening around a fire, great food, story, music and have the opportunity to speak of our own experiences, hopes and dreams.

You and your son will need a daypack, sleeping bag, and outdoor clothing. We will be sleeping indoors at camp Karakga. We will provide the evening meal and breakfast, and depart before lunchtime. Further equipment required and information will be sent once your placement has been confirmed.

For more information or and to confirm your interest please contact us.
